

Rajiv Sankarlall

A better way to work and live.

Rajiv Sankarlall is a tech founder, coach and speaker based in South Florida. He speaks about burnout, identity, values and purpose, drawing on his own experience of building and losing a company and finding a way forward. He also leads practical AI talks and workshops for business owners and teams.

TALKS & WORKSHOPS

Finding yourself beyond the company

Identity, values and reconnecting with what matters outside work.

Coming back from burnout

Raj shares his own experience, with questions to help people choose a next step.

A life that feels like yours

Happiness, meaning and the practical changes that support them.

Making AI useful at work

Where AI can help, what needs human judgment, and choosing a first project.

PLAN YOUR EVENT

Based in South Florida. Available for travel by arrangement.
Keynotes, workshops, panels and corporate training, shaped around your audience.
